

THE PSYCHOLOGY DEPARTMENT

*cordially invites you to
attend a symposium*

HELD: FRIDAY, MARCH 2ND, 2012
FROM: 2:30PM TO 4:00PM
IN: MARRIOTT LIBRARY
ROOM 1130

"APPLICATIONS OF THE SELF IN PSYCHOLOGICAL SCIENCE"

How individuals process and integrate information about the self has long been a central focus of psychological inquiry. The present symposium highlights recent research aimed at understanding self-related cognition and emotion, along with its implications for health.

PRESENTERS

DR. TIMOTHY W. SMITH:

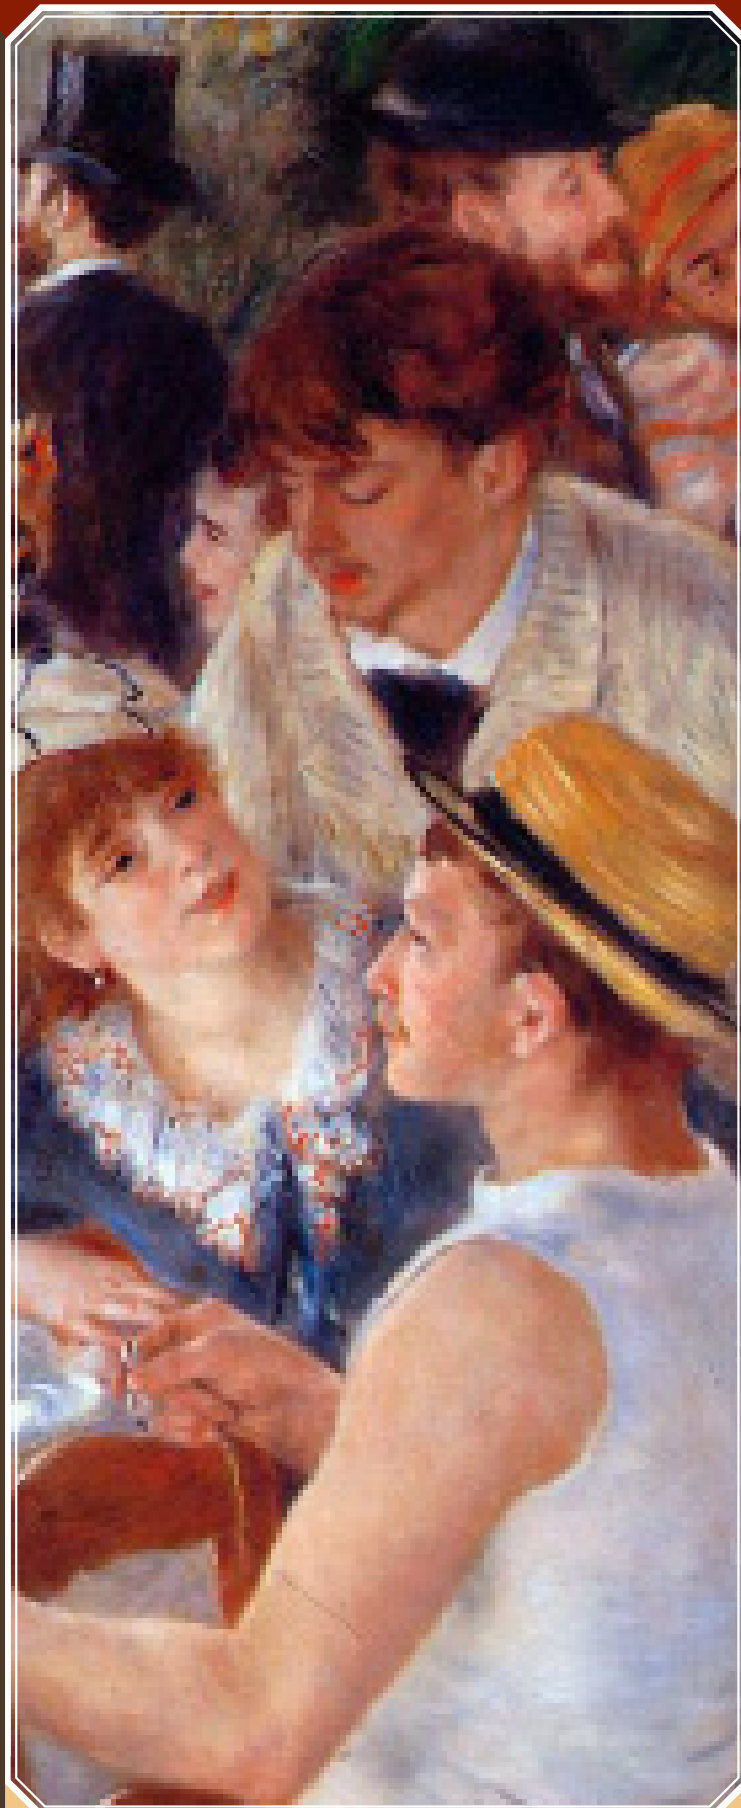

*"PSYCHOSOCIAL RISK FOR CORONARY
DISEASE: LIMITATIONS OF SELF-REPORTS"*

DR. JEANINE STEFANUCCI:

*"THE EMOTIONAL SELF:
ADAPTIVE EFFECTS OF STATE AND TRAIT
EMOTION ON PERCEPTION"*

DR. LISA ASPINWALL:

*"SELF UNDER THREAT: GENETIC TESTING
AND THE PROACTIVE MANAGEMENT OF
FAMILIAL CANCER RISK"*
